

SYED HASSAN IMTIAZ

PROGRAM MANAGEMENT & PUBLIC HEALTH SPECIALIST

Population health | Health systems | International development

+8801863333975 | hinadvee.92@gmail.com
A-8, Asset Gladiolus, H-9, R-2, Sector 4, Uttara Model Town, Dhaka – 1230

A Development Professional with 7+ years of experience coordinating donor-funded international public health and development projects across the Global South. My expertise lies in population-based quantitative and qualitative research and social epidemiology. I am skilled in project management, stakeholder diplomacy, and evidence-to-policy translation, with a proven track record of securing and leading multi-stakeholder initiatives, and delivering results for partners including UNICEF, World Bank, USAID, UN Women, and IFC. I am experienced in supervising large teams, facilitating cross-border collaboration, and aligning projects with national and regional priorities fostering cooperation and sustainable development. I have contributed to winning projects worth \$190,000.

Positions, Responsibilities, Scientific Appointments, and Honors

Positions

Designation	Research Investigator Maternal and Child Health Division, icddr,b, Dhaka
Duration	Aug'24 – till now
Responsibilities	- Reviewed and developed over 12 articles and 15 protocols - Coordinated a 4-year prospective multi-site cohort study of 1300 participants, ensuring cross-site alignment and data quality - Facilitated government and national-level stakeholder engagement to align research outputs with national SRHR programmatic priorities - Supervised a 10-member team across multiple sites, ensured protocol adherence and timely delivery of outputs - Produced evidence-based recommendations informing programmatic and policy decision-making
